Kegs are available by preorder only.  
All prices are estimates and are subject to change.

### "Sixer" Keg List for preorders

All kegs require preorder. Generally orders place by Tuesday 7PM arrive the following Friday.

Some kegs require longer lead times; call (253) 838-2558 for info. All kegs are subject to availability from our distributors; 99 Bottles cannot guarantee your selected keg will be available.

99 Bottles recommends that you order kegs for special occasions several weeks in advance.

Note: U.S. "macro lagers" such as Budweiser, Coors, Miller, Michelob, etc. are NOT available in the sixer size. You will need to contact a tavern to order those kegs.

What is a "sixer" keg? How much beer is in this keg size? I'm planning a party and need to know how much beer to order!
